ANTI-WRINKLE TREATMENTS (COSMETIC)

Anti-wrinkle prices are based on how many 'units' you need. You'll be guided during your consultation how many are required for the look that you want.

Common areas treated include the frown lines, forehead lines, crow's feet lines, lines on the bridge of the nose ('bunny' lines), lines around the mouth, lip 'flips', chin dimples, down-turned corners of the mouth & the neck bands.

- **1-49 units = \$17.5/unit**
- **50-60 units = \$17/unit**
- **60-75 units = \$16.5/unit**
- **75+ units = \$16/unit**

NB Minimum payment regardless of units used = \$250

BIO-REMODELLING TREATMENTS

Bio-remodelling treatments intensely hydrate and plump the skin. They don't shape or volumise the face and this is why they aren't classified as 'fillers'.

Areas that can be treated:

- Face
- Neck
- Decolletage
- Back of the hands

Treatment protocol:

Initial treatments:

- Normal skin = Two initial treatments (spaced apart by one month)
- Followed by single treatments for maintenance every 6 months
- Mature, menopausal or sun damaged skin = Three initial treatments (spaced apart by one month)
- Followed by single treatments for maintenance every 3-4 months

Pricing:

\$950 - per area, per session

\$1750 - two areas per session

\$2500 - three areas per session

Special pricing:

For the best value per area, you can combine your bio-remodelling treatments with another service in the same sitting:

Anti-wrinkle (price varies) + bio-remodelling treatment (\$825/area)

Filler (price varies) + bio-remodelling treatment (\$825/area)

AESTHETIC ULTRASOUND & FILLER DISSOLVING

Dr Jake is one of very few injectors who uses ultrasound to help visualise the anatomy of the face and where previous fillers have been injected. This can be used to help diagnose and treat a number of complications relating to previous filler treatments including:

- **lumps or swellings from previous fillers**
- **obvious asymmetry**
- **on/off puffiness of an area**
- **over-filled areas**
- **loss of lip shape or definition from previous fillers**
- **vascular occlusions (emergency filler dissolving of a blocked artery or vein)**

Before booking, please email drjake@drjakesloane.com and explain in detail what the issue is. Before accepting any bookings, you must contact your previous injectors and ask them for a full history of your previous injections, what products and amounts were used and what has been done already to try and rectify the problem. Filler dissolving is not suitable for all products or all situations and without a detailed history, Dr Jake politely declines this service.

If Dr Jake thinks he can help with the information provided, a consultation and ultrasound assessment will first be performed. If it looks like old filler can be dissolved and is in your best interests, filler dissolving will be offered on the day.

Consultation + ultrasound assessment = \$500 (per session)

Filler dissolving (if required) + \$400 (per session)
