

# COSMETIC INJECTABLES & FACIAL AESTHETICS

INFINITY SKIN CLINIC - SURRY HILLS & MOSMAN, SYDNEY

DR JAKE SLOANE BSC, MBCHB, MRCS

## CONSULTATION TYPES

Consultations with Dr Jake are divided into those for:

- **New patients**
- **Returning patients**

All consultations are \$250 and this is redeemable against the total price of a treatment if done on the same day.

If you book for the 'consultation only' option and don't want to have a treatment on the same day, or you aren't suitable for a treatment, the \$250 is not refundable or transferable for a future treatment.

## NEW PATIENT CONSULTATIONS

New patients are allocated plenty of time so that their medical history and aesthetic concerns can be discussed in detail. Treatments can be done on the day if you are suitable and medically fit

- **Consultation only** - no treatment on the day (30 mins)
- **Consultation + anti-wrinkle treatment** (45 mins)
- **Consultation + anti-wrinkle + filler treatment** (60 mins)
- **Consultation + filler treatment** (60 mins)
- **Consultation + skin bio-remodelling filler** (45 mins)
- **Consultation + fat dissolving treatment** (60 mins)
- **Consultation + anti-sweating treatment** (45 mins)
- **Consultation + hayfever treatment** (30 mins)
- **Consultation + aesthetic ultrasound +/- filler dissolving** (60 mins)

## ANTI-WRINKLE TREATMENTS - COSMETIC

Anti-wrinkle prices are based on how many 'units' you need. You'll be guided during your consultation how many are required for the look that you want.

Common areas treated include the frown area/lines, forehead lines, crow's feet lines, lines on the bridge of the nose/'bunny' lines, 'lip flips', smoker's lines, chin dimples, down-turned corners of the mouth & the neck bands.

- **1-49 units = \$16.5/unit\***
- **50-59 units = \$16/unit**
- **60+ units = \$15.5/unit**

\*Minimum value of \$250

## FACIAL SLIMMING TREATMENTS

The treatment involves slimming the masseter (jaw) muscle. The total dose and therefore the price depends on the size of the muscles and desired outcome.

**from \$800**

## CALF SLIMMING TREATMENTS

Calf slimming treatments are priced based on the large dose of product needed for both calves (approx 75-100 units per calf).

**from \$2300**

## ANTI-WRINKLE TREATMENTS - MEDICAL

### TEETH GRINDING & CLENCHING TREATMENTS

These treatments may involve treating the masseter, temple and/or pterygoid muscles. Your dental history will be explored and Dr Jake strongly recommends that you first get dental advice to assess your bite pattern and condition of the teeth before seeking these treatments.

**from \$800**

### SWEATING TREATMENTS

Reduce & stop uncomfortable sweating for 6-9 months. Areas that can be treated include the underarms, scalp, chest, back or palms. The total price is dependant on the size of the surface area being treated (this dictates how much product is needed) and if the palms are being done, a nerve block is also needed for anaesthesia.

**from \$1550 (100 units)**

### MIGRAINE TREATMENTS

Anti-wrinkle injections can be used to help reduce migraine-causing tension in the forehead, scalp, neck and shoulder muscles (using a minimum of 155 units as per the licensed migraine protocol.)

**from \$2200**

### HAYFEVER TREATMENTS

Anti-wrinkle product can be delivered into the nostrils in spray form to significantly improve the symptoms of hayfever.

**\$600 per session**

## FILLER TREATMENTS

Dr Jake will go through your specific needs during your consultation and create a bespoke treatment plan for your features. He doesn't advertise 'cheek', 'jawline' or any other facial areas as a package or a set price because it's impossible to know what you'll need until your face has been examined.

- **1ml - \$850**
- **2ml - \$1600**
- **3ml - \$2300**
- **4ml - \$2800**
- **Additional mls - \$700**

## LIP TREATMENTS

Lip fillers are performed using (up to) 1ml of filler per session. Lip filler products vary and will be tailored to what your lip anatomy needs and the overall look you require

**\$850 per session**

## NOSE FILLER TREATMENTS (LIQUID NOSE JOB)

Fillers for the nose are a specialised treatment requiring expert techniques. Ultrasound will also be used to identify the blood vessels of the nose before proceeding with a treatment.

**\$1250 per session**

## BIO-REMODELLING TREATMENTS

This treatment improves the integrity, firmness and hydration of the skin. (Bio-remodelling treatments don't shape or volumise the face in any way and this is why they aren't called 'fillers').

Patients report improvements including:

- **better skin texture**
- **plumper and less thin skin**
- **less dry skin**
- **less crepey skin**
- **an improvement of fine lines**
- **an overall glow to the skin**

These treatments are initially performed over two sessions spaced a month apart\*:

- **\$950 - one area per session**
- **\$1750 - two areas per session (\$875 per syringe)**
- **\$2400 - three areas per session (\$800 per syringe)**

*\*For sun damaged or post-menopausal skin, it's recommended to have three sessions, spaced a month apart*

For the best value, you can combine your bio-remodelling treatments with another service:

- **Anti-wrinkle (price varies) + bio-remodelling treatment (\$800/area)**
- **Filler (price varies) + bio-remodelling treatment (\$800/area)**

After your initial two or three sessions (spaced a month apart), maintenance sessions are recommended every:

- **3-4 months for maintenance (or drier, thinner, more mature skin)**
- **6 months for standard maintenance**

## FAT DISSOLVING TREATMENTS

Fat dissolving treatments require a minimum of two sessions to start seeing the results. (These are usually seen 8 weeks after session 2)

For extra slimming results, a third or fourth session may be suggested

## DOUBLE CHIN TREATMENTS

Ideal for patients mild to moderate double chin fat but no loose skin of the area

**from \$1400 (per session)**

## JOWL TREATMENTS

This is a niche treatment and is only suitable in patients with good skin quality of the area. Jowls can also be improved with fillers which treatment is suitable will be decided during your consultation.

**from \$700 (per session)**

## BRA FAT TREATMENTS

This treatment helps soften the fat bulges often found between the front of the bra strap and the armpit or the back of a womens bra strap.

(If indicated, a breast examination with a female chaperone present will be performed before this treatment is done to ensure that there are no other causes of lumps or asymmetries).

**from \$1400 (per session)**

## AESTHETIC ULTRASOUND & FILLER DISSOLVING TREATMENTS

Dr Jake is one of very few injectors in Australia who uses ultrasound to help visualise the underlying anatomy of face. This can be used to diagnose and treat a number of issues relating to previous filler treatments including:

- **lumps or swellings**
- **obvious asymmetry**
- **on/off puffiness of an area**
- **over-filled areas**
- **loss of lip definition from previous fillers and other filler 'migration'**
- **vascular occlusions (emergency filler dissolving of a blocked artery or vein)**

If you've had a filler treatment performed by another injector and are not happy for whatever reason, please contact them first to discuss the issue. They should be able to help you and will be the best person to know what was done.

If they cannot manage the issue themselves, referrals from them by email to Dr Jake are welcomed ([drjake@drjakesloane.com](mailto:drjake@drjakesloane.com)) This ensures that there is a proper handover of care and information to Dr Jake including:

- the date of the treatment/s
- what filler brand and type was used
- what volume was injected per area including copies/photos of the treatment notes
- what the issue is
- what they have already attempted
- what they need from Dr Jake

Filler dissolving usually only takes one session but occasionally further sessions might be required - for example if there is a lot of filler to dissolve or a particularly resistant product was used previously.

**\$900 (per session)**
